

A decorative border surrounds the page, featuring a black background with white mathematical symbols like plus, minus, multiplication, and division signs, as well as letters and numbers. Interspersed among these symbols are colorful illustrations of school supplies: red apples with yellow stars, blue crayons, and yellow pencils with pink erasers.

Welcome to 2nd Grade! I am looking forward to an exciting and productive year with your child. Please refer to our classroom supply list below as you prepare for the upcoming school year. If you have any questions or concerns, feel free to email me at kdavidson@lafayetteschools.org. Some we will share as a class and some will be just for them. Items with a * should be labeled with their name.

Please continue to read, write, and practice math facts with your child over the summer.

I hope to meet you in September at the Curriculum night, and look forward to working with your family next school year. Have a wonderful summer!

Sincerely,
Kelly Davidson
