SUBJECT: FUND RAISING BY STUDENTS

Fund raising projects in which students sell merchandise, provide services, or in other ways solicit money for school activities may be sponsored by school organizations with the express approval of the building principal. Any plan must have a clearly defined purpose and, in general, must contribute to the educational experience of students and will not conflict with instructional programs or state mandates. Fund raising activities away from school property will be held to a minimum. All participation will be voluntary, with written parent or legal guardian consent for children in grades K through 8.

All proposals for fund raising from the aforementioned groups are to be submitted to the respective building principal. Each proposal should include a description of the item to be sold and a request for the period of time (days, and/or weeks) for the sale.

Door to door sales projects undertaken by any organization using the District name require previous approval of the Board. Profits will be used to enhance school programs by providing money for expenditures not normally funded by the District.

Employees are cautioned against giving the impression to students that the purpose of selling items or paying a fee is to defray a portion of the District's educational program. At no time should a student's participation in an educational activity include such sales or fees. In addition, employees are not permitted to deposit the proceeds of any legitimate sales activity in their own personal accounts. These activities may jeopardize a student's right to participate in the educational program on a tuition and/or fee-free basis. Further, employees engaged in these activities may be held personally liable.
