

CAPITAL PROJECT INFORMATION MEETING

Thursday, March 16, 2017

Big Picture School Commons Area | 6:00PM

A major responsibility of the LaFayette Central School District and the Board of Education is to maintain its facilities in a cost-effective manner. The Building Condition Survey that was recently completed indicated areas of need at the Junior/Senior High School and Grimshaw Elementary. Based on those results, the District is proposing a \$5,432,950 capital project that addresses safety and security, improvement/maximization of academic programs, and replacement of infrastructure items that have reached the end of their useful life. Thanks to sound fiscal planning on part of the District and the state aid that would be generated for this project, there would be no new cost to taxpayers.

To learn more about the proposed project, please attend the first public information meeting on **Thursday, March 16 at 6:00pm in the Big Picture School Commons Area.** A special newsletter outlining the scope of work for the proposed project will be mailed to District residents in April. Information on the Capital Project will also be posted to our website. Below are highlights of the proposed scope of work:

JUNIOR/SENIOR HIGH SCHOOL

- Kitchen Renovation/Reconfiguration
- New Kitchen Equipment and Associated Mechanical/Electrical/Plumbing Upgrades
- Cafeteria Renovation and Updates
- 2nd Floor Classroom and Corridor Renovations/Updates
- Basement Renovations: Wellness Center Updates, Construct New Corridor, Create New Team Rooms, and Reconfigure Athletic Storage
- Gym Lobby Renovation
- Refurbish Track (Unsafe/Beyond Useful Life)
