

LaFayette Central School District

K-12 Comprehensive Developmental School Counseling and Guidance Plan 2022-2023

Vision Statement

The vision of the school counseling program at the LaFayette Central School District is that every student will acquire the academic, career and personal/social skills to reach their fullest potential and successfully manage their lives as healthy, responsible, competent and productive citizens who respect themselves and the diversity of others.

Mission Statement

Our mission as a counseling team at the LaFayette Central School District is to provide a comprehensive, developmentally age-appropriate and sequential school counseling program that is aligned with the American School Counselor Association's *National Standards for School Counseling Programs*. A school counseling program focuses on the needs, interests and issues related to the stages of student growth through academic, career and personal/social development. In partnership with students, staff, family, and community members, we will prepare students to become effective learners, achieve success in school, live successful and rewarding lives, and develop into contributing members of our global society.

Original Creators of the Plan

Rebecca Brown, Junior-Senior High School Counselor
Kristeen Cool, Junior-Senior High School Counselor
Bill O'Leary, Grimshaw Elementary School Social Worker
Asa Shenandoah, Native American Student Liaison
Ted Merante, Onondaga Nation School School Counselor
Kaitlin Maloff, District School Psychologist
Kelly Drapikowski, District School Psychologist
Beth Gawinski, District School Psychologist
Virgil Brave Rock, Community Liaison

New York State Part 100 Regulations – School Counseling Programs

As per the New York State Education Department, as detailed in Part 100 of the Commissioner's Regulations, school counseling/guidance programs are defined as follows:

Public schools.

Each school district shall have a guidance program for all students.

1. In grades K-6, the program shall be designed in coordination with the teaching staff to prepare students to participate effectively in their current and future educational programs, to help students who exhibit any attendance, academic, behavioral or adjustment problems, to educate students concerning avoidance of child sexual abuse, and to encourage parental involvement.
2. In grades 7-12, the guidance program shall include the following activities or services:
 1. an annual review of each student's educational progress and career plans, with such reviews to be conducted with each student individually or with small groups by personnel certified or licensed as school counselors;
 2. instruction at each grade level to help students learn about various careers and about career planning skills conducted by personnel certified or licensed as school counselors, or by classroom teachers in cooperation with school counselors;
 3. other advisory and individual or group counseling assistance to enable students to benefit from the curriculum, to help students develop and implement postsecondary education and career plans, to help students who exhibit any attendance, academic, behavioral or adjustment problems and to encourage parental involvement, provided that advisory assistance shall be provided by teachers or counselors, or by certified teaching assistants under the supervision of counselors or teachers, and that such individual or group counseling assistance shall be provided by certified or licensed school counselors or by certified or licensed school psychologists or certified or licensed school social workers in cooperation with school counselors; and
 4. the services of personnel certified or licensed as school counselors.
3. Each school district shall develop a district plan which sets forth the manner in which the district shall comply with the requirements of this subdivision. The City School District of the City of New York shall submit a separate plan for each community school district, for the High School Division and for the Special Education Division. Such plan shall be filed in the district offices and shall be available for review by any individual. The plan shall present program objectives, which describe expectations of what students will learn from the program; activities to accomplish the objectives; specification of staff members and other resources assigned to accomplish the objectives; and provisions for the annual assessment of program results. The plan shall be reviewed annually by the school districts, and revisions shall be made as necessary.
