Adult Career and Continuing Education Services - Vocational Rehabilitation

(ACCES-VR) is an agency that assists students with a successful transition from high school into the next step in their lives. Sometimes this means support in post-secondary education, vocational training or finding the correct job placement. ACCES-VR can offer assistance financially, vocationally and/or academically. They are an extremely valuable resource that you'll be sure to want to take advantage of!

This Information Night will include a presentation by an ACCES-VR Counselor, followed by time for questions. After the presentation there will be time to complete the application, with our assistance.

RSVP:

Please let us know if you plan to take advantage of this wonderful opportunity!
