

SUBJECT: DETERMINATION OF EMPLOYMENT STATUS: EMPLOYEE OR INDEPENDENT CONTRACTOR

A certification of the determination that an individual is an employee is required when the District initially reports to the New York State and Local Retirement System (NYSLRS) certain covered professionals -- those persons providing services as an attorney, physician, engineer, architect, accountant, or auditor.

Employee means an individual performing services for the District for which the District has the right to control the means and methods of what work will be done and how the work will be done. Independent contractor means a consultant or other individual engaged to achieve a certain result for the District but who is not subject to the direction of the employer as to the means and methods of accomplishing the result. The District will not enter into agreements with independent contractors for instructional services.

Employees to be Reported to NYSLRS

Only persons who are active members of NYSLRS and who have been assigned a registration number will be included in the reporting requirements. In the case of employees who are in the process of being registered to membership, all service, salary and deductions data, and mandatory contributions will be accumulated by the District and the accumulation will be included with the first monthly report which is due after the employee's registration number has been assigned.

An individual serving the District as an independent contractor or consultant is not an employee and should not be reported to the retirement system.

The District has the primary responsibility for determining whether an individual is rendering services as an employee or as an independent contractor. When making this determination, the District must consider the factors set forth in State Regulations.

The District will also complete, as necessary, a Certification Form for Individuals Engaged in Certain Professions (Form RS2414) as promulgated by the Office of the New York State Comptroller. When making a determination as to an individual's status as an employee or independent contractor, no single factor will be considered to be conclusive of the issue. All factors will be considered in making an assessment of an individual's status when engaged to perform services.

Written Explanation by District: Certain Professions

In the case of an individual whose service has been engaged by the District in the capacity of attorney, physician, engineer, architect, accountant, or auditor and the District has determined that the individual is rendering service as an employee and, therefore, may be eligible for credit with a retirement system, the District will submit to the retirement system, in a form prescribed by the Comptroller and certified by the Chief Fiscal Officer of the District, an explanation of the factors that led to the conclusion that the individual is an employee and not an independent contractor or consultant.
