

SUBJECT: PARENT INVOLVEMENT FOR CHILDREN WITH DISABILITIES

The Board recognizes the rights of the parent or guardian to be fully informed of all information relevant to the identification, or change in identification, evaluation, and educational placement of a child with a disability. All due process procedures for parents or guardians and children in the Commissioner's regulations will be observed by the District.

Definition of Parent

Parent means a birth or adoptive parent, a legally appointed guardian generally authorized to act as the child's parent or authorized to make educational decisions for the child, a person in parental relation to the child as defined in Education Law Section 3212, an individual designated as a person in parental relation pursuant to General Obligations Law Title 15-A including an individual so designated who is acting in the place of a birth or adoptive parent (including a grandparent, stepparent or other relative with whom the child resides), or a surrogate parent who has been appointed in accordance with Section 200.5(n) of Commissioner's regulations. The term does not include the State if the student is a ward of the State.

A foster parent may act as a parent unless state law, regulations, or contractual obligations with a State or local entity prohibit the foster parent from acting as a parent.

Unless a judicial decree identifies a specific person(s) to act as the parent or make educational decisions for the student, if one or more parties is qualified to act as a parent, the birth or adoptive parent is presumed to be the parent unless they do not have the legal authority to do so.

Surrogate Parents

In the event that no parent or guardian for a child with a disability can be identified; or after reasonable efforts the whereabouts of the parent or guardian cannot be determined; or the student is an unaccompanied homeless youth; or the child with a disability is a ward of the State and does not have a "parent" as defined above; or the rights of the parent to make educational decisions have been subrogated by a judge in accordance with state law; the Board will assign an individual from a list of willing and eligible persons to act as a surrogate for the parents or guardians. This determination will be completed within a reasonable time following the receipt of a referral for an initial evaluation or re-evaluation; alternatively, the surrogate parent may be appointed by a judge overseeing the child's case.

The person selected as a surrogate will have no interest that conflicts with the interest of the child he or she represents, and will have knowledge and skills that ensure adequate representation of the child.

SUBJECT: PARENT INVOLVEMENT FOR CHILDREN WITH DISABILITIES (Cont'd.)**Prior Written Notice (Notice of Recommendation)**

Prior written notice must be given to parents of a student with a disability a reasonable time before the District proposes to, or refuses to, initiate or change the identification, evaluation, educational placement of the student or the provision of a free appropriate public education to the student. Prior written notice must also be provided informing the parents when no additional data is required to determine the student's educational needs, the reasons for this determination, and their right to request an assessment. Prior written notice will also be provided prior to the student's graduation with a local or Regents diploma, stating that the student will no longer be entitled to receive a Free Appropriate Public Education (FAPE) after graduation. Additionally, prior written notice will be provided upon the student's receipt of any other exiting credential, including but not limited to a Skills and Achievement Commencement Credential or a Career Development and Occupational Studies Commencement Credential, provided the student has not already earned a local or Regents diploma. This notice will state that the student continues to be eligible for FAPE until the school year in which the student turns age 21, or until the receipt of a local or Regents high school diploma, whichever is earlier.

If the prior written notice relates to a proposed action that also requires parental consent, the District must give notice at the same time it requests parental consent. The prior written notice will contain all elements required by Commissioner's regulations.

A parent may elect to receive prior written notice and other required notifications by electronic mail (email) communication if the District makes this option available.

Parent Participation in Meetings

The District must take steps to ensure that one or both of the parents of a child with a disability are present at each Committee on Special Education (CSE)/Committee on Preschool Special Education (CPSE) meeting or are afforded the opportunity to participate in a mutually agreed upon time and place. The District must document its attempts to involve parents, such as:

- a) Detailed records of telephone calls made or attempted and the results of these calls;
- b) Copies of correspondence sent to the parents and any responses received; and
- c) Detailed records of visits made to the parent's home or place of employment and the results of those visits.

A meeting may be conducted without a parent in attendance if the District is unable to convince the parents that they should attend.

Students

SUBJECT: PARENT INVOLVEMENT FOR CHILDREN WITH DISABILITIES (Cont'd.)

Additionally, the District must take whatever action is necessary to ensure the parent understands the proceedings of this meeting including arranging for an interpreter for parents with deafness or whose native language is other than English.

Parental Consent

In accordance with due process, a parent of a special education student or a student suspected of having a disability must provide informed consent before the District can take certain actions. The District will make reasonable efforts to obtain written informed consent and will maintain a detailed record of its attempts and the results of the attempts.

Parents with custodial rights - whether sole or joint - may exercise decision-making authority with respect to the student's education. Absent a court order or custody agreement to the contrary, a non-custodial parent may not control educational decisions for the student, though he or she may participate in the child's education.

Consent for Evaluations

The parent or guardian must provide informed consent to the initial evaluation, or reevaluations in accordance with law and/or regulations. If a parent does not provide consent for an initial evaluation, the District may pursue the evaluation by commencing a due process hearing to override the refusal to provide consent.

Parental consent for a reevaluation is not needed if the District can demonstrate that it has taken reasonable measures to obtain consent, but the parents or guardians have failed to respond.

Consent for the Initial Provision of Services

Parental consent is also required for the initial provision of special education services. Consent for an initial evaluation does not constitute consent for the initial provision of services. If a parent does not provide consent for the initial provision of services, the District will not provide the special education programs and services to the student and will not use the due process procedures to challenge the parent's refusal to consent. The District will not be considered to be in violation of the requirements to provide a FAPE, will not be required to convene a meeting of the CSE or develop an individualized education program (IEP).

SUBJECT: PARENT INVOLVEMENT FOR CHILDREN WITH DISABILITIES (Cont'd.)Consent to Access Public Benefits or Insurance (e.g., Medicaid)

The District must notify the child's parent in writing prior to accessing the child's or parent's public benefits or insurance for the first time and annually thereafter. The written notification must explain the protections afforded to parents so that parents are fully informed of their rights before the District accesses their or their child's Medicaid or other public benefits or insurance to pay for services under the IDEA. Furthermore, this notice must be in a language understandable to the general public and in the parent's native language or the mode of communication used by the parent.

The District must obtain a one-time written consent from the parent, after providing the written notification (as described above), before accessing the child's or parent's public benefits or insurance (e.g., Medicaid) for the first time. The consent must state that the parent understands and agrees that the District may access the child's or parent's public benefits or insurance to pay for special education or related services. The consent must also specify:

- a) The personally identifiable information that may be disclosed (this can include records or information about the services that will be provided to the student);
- b) The purpose of the disclosure; and
- c) The agency to which the disclosure may be made (Medicaid).

Consent for an Unaccompanied Homeless Youth

Consent may be provided by a surrogate parent. However, until a surrogate parent is appointed, consent may be provided on a temporary basis by an employee of a temporary housing facility operated or approved by a local social services district or a residential facility for runaway and homeless youth.

Consent for a Ward of the State

A ward of the State means a child or youth under the age of 21:

- a) Who has been placed or remanded in accordance with Social Services Law or the Family Court Act or freed for adoption in accordance with Social Services Law; or
- b) Who is in the custody of the Commissioner of Social Services or the Office of Children and Family Services; or
- c) Who is a destitute child under Social Services Law.

(Continued)

SUBJECT: PARENT INVOLVEMENT FOR CHILDREN WITH DISABILITIES (Cont'd.)

In the event that a child is a ward of the State, the District will make reasonable efforts to obtain the informed consent from the parent of the child for an initial evaluation to determine whether the child is a child with a disability.

The District is not required to obtain informed consent if:

- a) Despite reasonable efforts to do so, the District cannot discover the whereabouts of the parent of the student, including consulting with the agency responsible for the care of the student; or
- b) The rights of the parents of the student have been terminated in accordance with state law; or
- c) The rights of the parent to make educational decisions have been subrogated by a judge in accordance with state law and consent for an initial evaluation has been given by an individual appointed by the judge to represent the student.

Consent for a Student Who is Home Instructed or Parentally Placed in a Private School at the Parent's Expense

If a parent of a student who is home instructed or placed in a private school by their parents at their own expense does not provide consent for an initial evaluation or reevaluation, or the parent fails to respond to a request to provide consent, the District may not continue to pursue those evaluations by using the due process procedures and the District is not required to consider the student as eligible for special education services.

Parental Revocation of Consent

Parental revocation of consent for continued provision of special education and related services must be in writing. When the parent revokes their consent, the District still must provide the parent with the usual written notice of its intentions with respect to the child.

If the parent of a student with a disability revokes his or her consent in writing for the continued provision of special education and related services to the student at any time subsequent to the initial provision of special education and related services, the District:

- a) Will not continue to provide special education and related services to the student, but must provide prior written notice to the parent before ceasing the provisions of special education and related services;

(Continued)

Students

SUBJECT: PARENT INVOLVEMENT FOR CHILDREN WITH DISABILITIES (Cont'd.)

- b) Will not use due process procedures (i.e., mediation, resolution meeting, and/or impartial due process hearing) in order to obtain agreement or a ruling that the services may be provided to the student without parental consent;
- c) Will not be considered to be in violation of the requirement to make a FAPE available to the student because of the failure to provide the student with further special education and related services following revocation of consent;
- d) Is not required to convene a meeting of the CSE or develop an IEP for the student for further provision of special education programs and related services upon receipt of written revocation of consent; and
- e) Is not required to amend the student's education records to remove any references to the student's receipt of special education programs and services because of the revocation of consent.

Procedural Safeguards Notice

The District will provide the procedural safeguards notice prescribed by the Commissioner of Education to the parents of a student with a disability at least one time per year and also:

- a) Upon initial referral or parental request for evaluation;
- b) Upon the first filing of a due process complaint notice to request mediation or an impartial due process hearing;
- c) Upon request by a parent;
- d) Upon a decision to impose a suspension or removal that constitutes a disciplinary change in placement; and
- e) Upon first receipt of a State complaint.
